November 28, 1971 - Audubon Wildlife Film Series, "Filming in No-Man's Land" at Popejoy Hall, 7:30 PM.

Please study the enclosed notice of the new Audubon Film Series. This is a value packed item that the entire family can enjoy. Let's hope we can have a packed house at all the showings. Tickets are available from Esther Tuttle, 265-3274; Marion Washburn, 266-3078; Audubon Wildlife Film Series, Box 3457, Albuquerque, NM, 87110. Tickets are available at Popejoy Hall, 277-3121, and at the door.

How about doing your Christmas shopping early and helping our slim treasure? Dorothy Dellolis will have available at the October & November meetings, various silver items, tie-tacs and charms; also, distinctive note paper.

Members wishing to participate in the Christmas Bird Count please notify Dick Tuttle at the October meeting. Exact details and instructions will be given at the November meeting and the December letter.

A STATEMENT OF AUDUBON PHILOSOPHY

We believe in the wisdom of nature's design. We know that soil, water, plants, and wild creatures depend upon each other and are vital to human life. We recognize that each living thing links to many others in the chain of nature. We believe that persistent research into the intricate patterns of outdoor life will help to assure that no living species shall be lost. We believe that every generation should be able to experience spiritual and physical refreshment in places where primitive nature is undisturbed. So we will be vigilant to protect wilderness areas, refuges, and parks, and to encourage good use of nature's storehouse of resources. We dedicate ourselves to the pleasant task of opening the eyes of young and old that all may come to enjoy the beauty of the outdoor world and to share in conserving its wonders forever.
